

## Rangefinder

## DLE 40 Professional

### Precise measurements – small and easy!

- ▶ State-of-the-art laser technology for precise measurement up to 40 m
- ▶ Fits in any shirt pocket due to small dimensions of 100 x 58 x 32 mm
- ▶ Easy operation: one button-one function keypad

### Other features

- ▶ Ideal tool for every construction site because it is dust and splash-protected (IP 54) and it is equipped with softgrip
- ▶ Other functions such as continuous measurement, addition and subtraction function for considerable time-saving

**New!**

Technical data	
Order number	0 601 016 ...
Measurement range	0.05 – 40 m
Measurement accuracy, typical	± 1.5 mm
Laser class	2
Units of measurement	m or ft
Power supply	4 x 1.5 V LR03 (AAA)
Scope of supply	
Protective bag	x
4 x 1.5 V batteries	x

**0.18 kg**

## Rangefinder

## DLE 70 Professional

### Precise work is now done up to ten times faster

- ▶ Lengths are measured up to ten times faster due to wall-area, minimum and maximum functions
- ▶ State-of-the-art laser technology for precise measurement up to 70 m
- ▶ Fits in any shirt pocket due to small dimensions of 100 x 59 x 32 mm

### Other features

- ▶ User-friendly operation thanks to self-explanatory buttons and a concise display
- ▶ Ideal tool for every construction site because it is dust and splash-protected (IP 54) and it is equipped with softgrip
- ▶ Sturdy metal measurement pin for measuring from corners and hard-to-reach areas
- ▶ Other functions such as continuous measurement, indirect length measurement, addition and subtraction function for considerable time-saving
- ▶ 1/4" tripod thread for convenient use with Building Tripod BS 150 Professional
